

## Invited Speaker

**Prof. Yutaka Ohno**  
**Nagoya University Japan**

**Vice Director, Center for Integrated Research of Future Electronics, Institute of Materials and Systems for Sustainability**

Yutaka Ohno is a professor and vice-director of Center for Integrated Research of Future Electronics, Institute of Materials and Systems for Sustainability, Nagoya University, Japan. He received Ph. D from Nagoya University in 2000. He became an assistant professor in 2000, an associate professor in 2008, and a professor in 2015 at Nagoya University. He was also a visiting professor of Aalto University, Finland from 2012 to 2013, and a visiting professor of Kyoto University in 2015. He is currently involved in the research of flexible electronics applications of nano-carbon materials.
